BOARD PROFILE**

Name: Savannah Ethier

Please provide a brief statement of your qualifications and experiences and how they will benefit you in your Board position with the Cooper's Crossing Residents' Association.

I have been a proud member of the CCRA Board of Directors since 2017, and in that time have experienced profound changes in how the CCRA operates, there in the early days of the move from a developer-led Board to the first resident-managed Residents' Association in Airdrie. Over the last year I have been honoured to serve as President of the Board and am grateful to have the opportunity to continue to use my institutional knowledge to keep moving the CCRA forward without sacrificing the lessons we've learned in the past.

In my professional life, I have a background in strategy, project management, business planning, and a wide variety of additional skills.

Please provide a brief statement regarding why you chose to become involved with the CCRA.

I originally joined the CCRA Board because I wanted to give back to the community where me and my family have made our home. Cooper's is a wonderful community, full of families and many young children like my own, so when I think about what kind of community I want to live in, I think both of the children who play in our parks as well as the adults who use our pathways or drive our roads, and try to provide thoughtful and informed insight and opinion with that in mind.

Born in Alberta, I grew up overseas in the United Arab Emirates and spent years living in a house surrounded by date palm trees. I only moved back to Canada when I started university and no, despite it being MANY years later, I still haven't entirely adjusted/come to love our winters.

We have a Miniature Schnauzer who is very much the guardian of our corner lot just off Cooper's Crossing Drive. Because of him, we have met some lovely kids who have become frequent dog-walkers.

We moved to Alberta in 2008 and chose Coopers Crossing as the neighborhood to plant our roots. The community spirit was something that stood out and has continued to grow as the community has grown. We have a great foundation in place and I would like to be involved in the continued growth ensuring Cooper's remains a highly desirable and safe area for families to move to and raise their families. A place that people are proud to call home and have a strong sense of belonging.

If I could turn back time I would be a veterinarian. I am an animal lover and would have a house full if I could. Right now my spouse and I have a Miniature American Sheppard, who will turn 2 at the end of the year. She has lots of energy and provides hours of fun.

Please provide a brief statement of your qualifications and experiences and how they will benefit you in your Board position with the Cooper's Crossing Residents' Association.

I have been a resident of Cooper's Crossing since 2008 and a member of the CCRA Board of Directors since 2018. Throughout the years, I have spent time sitting as a board member for several sports programs as well as being an executive member of a community association in another Alberta city. I have had the opportunity to create and build governance changes, bridging government relationships to enrich the community as well as developing and implementing community projects, all within a focused team environment.

In my professional background, I have 30 years of creative, analytical, leadership, business management and negotiation skills within the Retail Finance Industry.

Please provide a brief statement regarding why you chose to become involved with the CCRA.

I joined the board to be an advocate for our amazing community and to be a productive and positive piece of further enhancing Cooper's Crossing for the benefit of all who live in our community.

I have had the opportunity to sit on the board for the last year and I have learned so much. I enjoy planning events and have been on a few different committees to do so. I am committed to the community and making sure its residents are satisfied with the board and it's decisions to keep the community thriving.

My husband and I moved to Coopers 1 year ago. We have many friends who already lived in the community, so we knew this was a great place to live. I joined the CCRA board because I wanted to be involved in making Coopers a desirable place to live. I love the idea of the community events and hope to be able to plan and put on more awesome days where we can bring Coopers together.
